

## EDUCATING LEADERS '25

ARLINGTON, TX | APRIL 9-11

# Workshop Submission Guide

**Workshops** are interactive sessions offering hands-on experience and practical skills on specific topics. They include activities, discussions, and exercises led by experts to foster in-depth learning and engagement. At EL25, we typically host 3-6 pre-conference workshops and 1-3 in-conference workshops.

**Key Themes (select one)** Sessions will be organized using themes to complement the conference program. See AACOM's [conference website](#) for descriptions.

- Advancing Learning: Innovative Curriculum and Assessment Strategies
- Amplifying OME: Shaping Healthcare Policy and Education
- Building Healthier Communities: Collaborations in Healthcare Delivery
- Empowering Educators: Professional Development, Leadership and Scholarship
- Expanding Osteopathic GME: Access and Excellence
- Healthcare Horizons: Adapting OME to Global Changes
- Inclusion in Action: Building Cultural Humility in OME
- Next-Generation Recruitment: Medical Student Selection Strategies
- Ready for Residency: Preparing Graduates for Successful Transitions
- The Power of Osteopathic Medicine: Principles in Practice
- Thriving Together: Well-Being Initiatives for Learners and Leaders

**Brief Description (word limits: max. 200, min. 5)** If accepted, this text will appear in marketing materials to promote your talk and attract attendees. It should succinctly summarize what will be discovered by participating in this presentation. Do not include title, authors or name of institution in this text

## Workshop Proposal Outline (word limits: max. 500, min 10)

1. **Purpose and Objectives**
  - State the challenge or issue that initiated this workshop proposal.
  - Describe why this workshop is relevant and important to osteopathic medical education or the profession
  - Provide a description of the workshop's primary objective. Include any important secondary objectives
  - Explain why the content is timely and important for attendees.
2. **Session Outline and Approach**
  - Showcase how you will design this workshop to result in a high impact for your learners or for osteopathic medical education. Describe an outline of the session agenda, including the time allocated for each activity and speaker names if known. **(Limit 10 speakers)**
  - Clarify which parts of the instruction will be hands-on, and how they will be conducted, as well as the expected interactions during the session.
3. **Learning Outcomes**
  - What new skill(s) will learners acquire at the end of the workshop.
  - Describe **three** learning outcomes that attendees will take away from the session.
4. **Target Audience**
  - Describe your target audience and state the minimum and maximum number of attendees for the workshop to run smoothly.
5. **Materials**
  - List the materials that will be provided to attendees.
