

Source: AACOM, Annual Osteopathic Medical School Questionnaires, 1976-1977 through 2023-24 academic years.

Enrollment numbers include repeaters and decelerated students in the years in which they are taking classes. Race/ethnicity categories of this table reflect the most current Annual Osteopathic Medical School Questionnaire (Annual Survey). Underrepresented in Medicine (URiM) includes: Hispanic/Latino; Black/African American, non-Hispanic; American Indian/Alaska Native, non-Hispanic; and Pacific Islander, non-Hispanic. URiM percentages are calculated as of the academic year 2009-10 and are based on students who disclose a race/ethnicity. Hence, URiM percentages do not include the following categories: Two or more races, non-Hispanic, Unknown and Nonresident Alien. Prior to 2009-10 Asian, non-Hispanic and Pacific Islander, non-Hispanic were one designation; therefore, URiM percentages cannot be calculated. In 2007, AACOM conformed to the government standard of collecting Hispanic/Latino race/ethnicity demographics in two separate questions per the US Census Bureau. Additionally, prior to the academic year 2008-09, all students, including foreign students, were asked to self-designate race/ethnicity as one of the following races: White, Asian/Pacific Islander, Black/African American, Hispanic/Latino or Native American. Students who chose not to disclose these demographic data are categorized as Unknown. Starting in the academic year 2009-10, AACOM collected race/ethnicity data in line with the Department of Education's reporting standards, which included categories Nonresident Alien, students with two or more races and distinct categories for Asian and Pacific Islander. Students with multiple race designations, two or more races and/or nonresident aliens did not designate a race/ethnicity.

## Total Enrollment in U.S. Osteopathic Medical Colleges by Race/Ethnicity

Academic Year	Total Enrollment	White, non-Hispanic	Asian, non-Hispanic	Two or more races, non-Hispanic	Unknown	Nonresident Alien	Underrepresented in Medicine				
							Hispanic/Latino	Black/African American, non-Hispanic	American Indian/Alaska Native, non-Hispanic	Pacific Islander, non-Hispanic	Underrepresented in Medicine
2023-24	38,225	20,875	10,002	1,518	932	589	2,634	1,507	110	58	12.2%
